Stockton Unified School District

Google Apps Accounts (G3-G12)

Parents and Guardians,

Please note: Stockton Unified School District's enterprise implementation of Google Apps accounts are administered by Stockton Unified and are governed by the Student Acceptable Use Policy and Board Policy 6163.4 - Use of Technology Resources.

By accessing their @stocktonusd.org account, students understand that they have no expectation of privacy for any information stored on or passing through their @stocktonusd.org account, including the use of district and personal chromebooks and should use the account under the direction of his/her teachers.

I acknowledge that I have received the flyer with my child's account login and understand that this account is to be used under the direction of his/her teacher for completing work while in SUSD schools and for collaborating with teachers and peers.

(flyer available here: <http://goo.gl/voCTfl>)
